Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr Ralph

DEAR SIR—I have myself almost no occasion for your invaluable Pills I have used them any six years on occasion dictated, and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach From habitual costiveness and the voiding of numerous and slimy stools, I am completely relieved. The multifarious symptoms of Dyspepsia with which I was once too well acquainted have so entirely passed away, that I hardly know what they were Any use you can make of this or a more full development of my case, is at your service

Except in an obstetric case your back (Family Physician) and Pills have been the only physician in my house for six years.

There are many of my friends around, and more and more, who call for your Pills as a family medicine, and for chronic ailments. Yours truly,

Important to Owners of Horses!

Dillow's Celebrated

HEAVE CURE!!!

Which has been used with such astonishing effect in France and England for the last twenty years is now and has been for the last two years performing the same wonderful cures over so extended a field in this Country More than

2000 cases of Heaves
2500 cases of Chronic Coughs and Colds,
1000 cases of Catarrh and Nasal Gleet
1500 cases of Affection of Bronchial Tubes and Glands,
800 cases of Thick and Broken Wind, and
800 cases of inflammation of the lungs,

Have been cured by this extraordinary remedy, a sale to the introduction to the United States. The following is one of the hundreds of certificates in our possession, proving its Universal efficacy

New Scotland, Albany Co, N Y,
February 17th 1848.

Messrs. Fogg & Grant Gentlemen—I herewith transmit to you, my certificate, for the benefit of those who may have horses similarly affected

I hereby certify, that one of my best horses in the winter of 1846 7 became afflicted with the heaves in the most aggravated form—which I followed to number three third and four months without doing anything for him Having heard of the unparalleled popularity of Dillow's Heave Cure ? I purchased three papers of it, gave it to him and it entirely removed the disease From that time to the present he has been in a perfectly sound condition

JAMES M WILLIAMS.

UNIVERSAL CONDITION MEDICINE

Read the testimony of an eminent Boston Farrier

Boston January 9th 1848

Messrs Fogg & Grant Gentlemen—At the request of your Agents here I send you my opinion of your celebrated Dillow's Heave Cure As an *Universal Condition Medicine* as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, pulmonary glands and the lungs and also from its gentle yet laxative properties I recommend it to be the best medicine extant for cases of Fancy, Sudden Chest Founder Dropsy of the Skin and Chest Fever Pleurisy Distinct Hide Bound, Inflammation of the Kidneys and Mange I consider it to be a vegetable compound which operates upon the animal system in the same manner that Yellow Dock and Sassafras operates upon the human system I would call the attention of the horse owning public to the fact that nine tenths of the above Diseases are contracted through negligence during the Montlins Season or time of changing the hair, which takes place during the most inclement seasons in the whole year at which time the horse is exposed and neglected, the pores of the skin close up and the consequence is the first cause Colds in that condition Diseases in some form, must ensue It is at this time that I consider your *Invaluable Powder* indispensable as it operates upon the pores and Fluids of the skin, and causes the old hair to fall off in due time, makes way for the new and imparts to it a fine and glossy appearance.

THOMAS JONES, Farrier,
No. 16 Ash street.

CAUTION.—The astonishing success of Dillow's Heave Cure for the last two years, in the United States, has induced several persons to imitate and counterfeit it, and they even go so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article We declare that *Dillow's Heave Cure* is the first article of the kind ever introduced in the United States and we hereby offer the sum of *One Thousand Dollars* to any person, or persons who will prove to the contrary Consequently all others must be imitations

Kirkbride's Tattersall's

HEAVE POWDERS:

A SAFE SPEEDY AND PERMANENT CURE for *Heaves, Broken Wind, Chronic Cough, Colds* and all diseases which depend upon inflammation of the mucous membrane in the large throat or head of the Horse or affect the

Soundness of the Animal's Wind.

This remedy which has been used with such remarkable success in England, is now offered to Horse owners in the United States as a positive specific for those obstinate and distressing complaints From the combination of powerful vegetable ingredients in its composition it is enabled to compete successfully with disease in the hardy constitution of the Horse and at the same time is warranted to be perfectly safe and can be given freely by Horse and other cattle, and does not at all inconvenience the animal, or deter him from using them The following is one amongst many proofs we have of its efficacy It is from one of the best Livery Stables in New York and a gentleman whose knowledge in the medical treatment of Horses is very extensive

New York, Nov 1, 1847

Messrs A H Gough & Co.

Gentlemen—You will recollect that I bought a package of your Heave Powders some time ago in consequence of a valuable horse at livery in my stables, and that I was quite dubious of the wisdom of attempting to cure such a bad case as his was, and did not, in fact believe in the very medicine more better for his complaint than it did the Lisbon in the habit of using during my extensive practice with Horses But justice to you and your *valuable remedy*, compels me to say, that that *single package cured the animal of an aggravated* case of Heaves as I ever saw and his wind is now perfectly good I believe the cure has permanent one

Respectfully, Ed FLOYD, 102 Laurens-st

Messrs A H Gough & Co—Gents I bought about six weeks ago a package of Heave Powders to administer to a favorite horse who had been troubled with heaves for more than two years His case was a very bad one, and no severe as to incapacitate him from half his usual labor, and had resisted all the remedies ordinarily used for this disorder Those had no effect him to all ghtly denote the violence of the heaving which taking the medicine but that package of your remedy has completely eradicated the disease and now has wind as good as ever it was It is a month since he has taken the Powders and I can warrant him sound

Respectfully, GEO W DAVIS,
Moorea, Middlesex Co, N J

GREAT CONDITION MEDICINE.

Besides their specific action upon diseases of the lungs and wind organs, the Tattersall's Heave Powders, from their cathartic and restorative properties, are so effectual in horses as successfully proves to be in the human race for the removal of impurities of the blood and predisposition to disease Many a case of founder has been prevented and cured by a few doses of the Heave Powders when thrown into the food that is given to the heated animal after a hard drive or exposure to inclement weather They are warranted to cure the worst cough in a few days, and will wholly eradicate a recent cold by the use of 1 or 2 doses As a condition medicine they are unequalled especially when a tight hide, staring coat, loss of appetite etc denote a derangement of the digestive functions, great losses of horse and worse in the alimentary canal, as described in the following certificate

Messrs A H Gough & Co—That package of your Heave Powders that I bought of you for my horse's cough has entirely cured him, but in a different way than I expected The first dose of Expectorant Powder that I administered brought away an immense number of worms from him and I believe they were all the cause of the cough cough cost etc, which he exhibited, for that package has entirely cured him, his appetite is good, and he is now in prime condition I cheerfully recommend your Heave Powders for worms as well as heaves Yours, SAM'L ROBERTS.

East Hampstead, L I, Oct 28, 1847

☞ CAUTION As several imitations of this valuable and popular remedy are about being put up under the name of "Heave Cure," "Heave Compound" &c persons are cautioned to beware of them, and to try no remedy but *Kirkbride's* "Tattersall's Heave Powders"

No Stable should be without this potent preservative Price $1 per package of sufficient to cure an ordinary case, & for 6 dollars

Sold by A H Gough & Co., 149 Fulton st, New York; S W Fowle, Boston; and by Druggists generally throughout the United States

Important Letter.

MESSRS CURTIS & SMITH

Dear Sirs.—I herewith enclose you a few lines relative to your Down's Elixir which, for the benefit of the suffering if you think worthy you are at liberty to make public About a year and a half ago my mother became sick so that in a short time we began greatly to fear for her life Her symptoms were bad cough pain in the side and stomach night sweats and other premonitory signs of pulmonary consumption We consulted our best physician, who gave her little or no relief and finally pronounced her case incurable consumption She continued to become weaker, and the symptoms more confirmed

About this time at the suggestion of a friend, we concluded to try Downs Elixir Having procured a bottle from your agent (S H Bryant of Eastport) she commenced taking it At first it seemed only to mitigate the severity of the symptoms but in a short time her health began evidently to improve It cured her cough, relieved her night sweats, and greatly improved the tone of the whole system — After having continued its use most of the time for nearly a year she calls herself cured She is now able to go about the house and superintend affairs as usual Under God we believe that to Downs' Elixir alone, she owes the preservation of her life, and the restoration of former strength and energy We have also used it in our family in other cases for which it is recommended in the pamphlets, with universal success Yours truly,

(Signed) SWAIN P NORDSTROM

The above is only one of a thousand similar letters which we are constantly receiving from all parts of the country, almost daily

DOWNS' ELIXER is unquestionably the best article known for the cure of *COUGHS, COLDS* and *CONSUMPTION* It is more certain to give relief in all cases of *ASTHMA*—often a perfect cure—than any thing hitherto offered to the public

In cases of *WHOOPING COUGH* it needs only to be tried to give it preference over all other remedies It immediately breaks up the cough and renders a mere plaything what is otherwise a scourge and terror For the *CROUP* it is a positive cure. We speak with confidence for it has never failed and we believe never will when used according to directions

NEWSPAPER ARCHIVE®

Whig and Courier.

John S. Sawyer, Editor.

SATURDAY, MAY 6, 1848.

☞ The deliberate, cool, and quiet sentiment of the Whigs of the Sixth Congressional District in this State has been expressed in favor of the nomination of Gen Taylor for the Presidency We have expressed the opinion that a majority of the Whigs in this district, so far as we could judge, were in favor of Gen Taylor The recent convention held in this city has verified the correctness of that opinion

It is quite clear now, that the Whigs in this State are rapidly arriving at the conclusion that Gen Taylor is not only the most available, but under the circumstances of the times, the most useful President which the Whigs can elect — Men begin to see that in Gen Taylor we get a man of sound sense and of singular honesty of heart he would be very ready to pledge himself to the doctrines of every Whig Convention and thus become the mere instrument of constitutional distraction, as James K Polk, in adopting the resolutions of the Baltimore Convention as his party creed It is now seen that the old General adopts the Whig doctrines as to the Constitution and the Whig policy as to the government, and he sees the increasing numbers to his banners

The Whigs of this city and district have emphatically expressed themselves in favor of Gen Taylor It has been no hasty conversion — on all advised and doubtful step It is the result of much consideration by the clearest and coolest heads among the Whigs, and the conversion has worked in a way to ring the assurance that the party with Gen Taylor the Whigs will be an easy and the powers and administered upon the best and purest principles, and with a scrupulous regard to the welfare, prosperity and happiness of the people, and the honor and perpetuity of our republican institutions

☞ The Whigs of Boone County Ill, have resolved that no man is entitled to or can receive the vote of the Whig party of this Union—for the highest office in the government—unless he is probably, undeniably, and above suspicion a Whig This is the position of the whig everywhere, but it does not follow therefore that they will not support a man because some interested or prejudiced person may have the hardihood to deny his being a Whig The exception may not override the rule It would be well for over zealous men to remember this.

☞ In Boston there are several Boarding Establishments intended as houses of refuge for poor girls who enter the city friendless and homeless, and who but for those excellent institutions would in many cases fall victims to the snares of a large city Directed and mainly supported by the donations of philanthropists, they charge reasonable rates for board, and as they become more widely known will exert a most beneficent influence

☞ We are happy to learn that the Rev Mr Bent, Rector of St John's Church in this city, has returned to his labors, after an absence of several months, with health much improved, and that he is to remain in Bangor, where he has many warm friends

Orphan Asylum.

We comply very cheerfully with the request to publish the following extracts from the annual report of the Secretary of the Asylum:

"The past year has been one of much interest and importance No special effort having been made for several previous years, for increasing our funds, the Managers adopted the plan of raising funds by a Fair, which we are happy to say was met by the citizens of Bangor with their accustomed liberality and sympathy for the orphan—thus cheering the hearts of the Managers, and richly compensating them for months of preparatory toil

While these preparations for the Fair were in progress, (indicating the necessity of the institution, the Asylum) some unknown Angel of Mercy inspired by the Heaven born spirit of Benevolence which does not the praise of men, in the garb of a veiled female presented to your Secretary, in the dusk of an October evening the liberal donation of $30 And moved by the same spirit the good Mrs Hamlin manifested her substantial sympathy for our helpless charge by a well filled gift of $100 These with one from Mrs Norcross of Lowell, and other smaller donations, and the proceeds of the Fair, have distinguished this year as one of unusual prosperity, and should call forth our grateful and devout thanks to Jehovah for our lot

During the past year, several of our Managers, and other benevolent individuals, conceived the plan of making the Asylum by making its objects more generally known and appreciated, and keeping alive the public sympathies in its favor through the medium of a quarterly publication—hoping at the same time thus to lighten some direct expenses Hence originated the *Bangor Book* styled the "Wreath from the Kennebec" — a work that does credit to the heads and hearts of its numerous authors

Our present number of subscribers about 113 is a small number indeed, when we consider how many in others there are in this city, who we should suppose would gladly give a quarter to give the trifling sum of one dollar a year towards the support of destitute children of their own sex, especially as they would at the same time improve their acquaintance—for "he that waereth shall be watered also himself

Three of our subscribers have been removed by death during the past year, who always cheerfully gave us their support The late Mrs N G Norcross of Lowell, was one of the earliest patrons of this institution, and was ever active in its behalf until she removed with us, and after she removed to a distant city retained her interest in our welfare, and in her last sickness manifested her warm regard for the institution by a donation

Our receipts during the year have been—from the annual subscription of our members,

	$114 00
Donations and other sources,	339 14
Proceeds of Fair,	685 99
Total,	$1,139 13

Our expenditures, for provisions, clothing, fuel, the matron's salary &c, $402 60 The property and funds of the institution consist of our house and lot on Fourth St (which is now free from incumbrance) and $325 money at interest

The Managers, assisted by other benevolent ladies, have, this year as usual, made all the garments worn by the children, and many have been the pleasant sewing meetings for this purpose We have been aided and cheered by the generous sympathies of the public; and this should gladden our hearts and encourage us to persevere in the cause

The managers deeply feel their responsibility, and would entreat all the friends of the Orphan to implore for us wisdom from on high, to enable us to fulfill this important trust

And we would say to all of our patrons and annual subscribers, and to all who wish to have an freely opened their stores in our behalf, that when the storm rages and all is dark and dreary without, and you retire to rest with your own little ones, sheltered and protected around you may this happiness be greatly enhanced by the sweet recollection of having done what you could to provide and sustain a home for the Orphan

A Bit of Humor.

We do not relish truth the less for being occasionally spiced with a little wit or humor The following report from a committee in large, hard before an agricultural society "down east, contains some excellent hits—

"Again Some folks accuse pigs of being filthy in their habits, and negligent in their personal appearance But will their hard bitten off the ground, or from China plates in, it seems to me, is only a matter of taste and convenience, about which pigs and men may honestly differ They ought then to be judged charitably As any rate, pigs are not filthy enough to chew tobacco, nor to paint their breath drinking whiskey And as to their personal appearance, well don't catch a pig playing the dandy, nor the female sporting them, picking her way up this muddy village, after a rain, in kid slippers

"Notwithstanding the interesting notions hogs have some excellent traits of character If one chances to wallow a little deeper in some mire hole than his fellows, and so carries off and comes in possession of more of this earth than his brethren, he never assumes an extra importance on that account, neither are his brethren stupid enough to worship him for it Their only question seems to be, is he still a hog? If he is treat him as such

"And when a hog has no merits of his own, he never puts on airs on account of his family connections and yet some hogs have descended from very ancient families They understand full well the sense in which "Every tub must stand on its own bottom"

Artesian Wells.

The deep bored well in the world at Moudrof is 2200 feet deep and still progressing its waters are 85 degrees Fahrenheit—while three degrees of heat The well of Grenelle at Paris is 1794 feet deep in all through a chalk bed Its temperature is 72 degrees, Fahrenheit It discharges 20 barrels of water per minute and rises 50 feet above the surface It is difficult to account for the heat of the water in these bored wells inclined strata of rocks having a source higher than the usage is generally supposed to be the cause but water may readily procured on high as on low lands Condensation of steam, and the great pressure from central heat, has also been suggested

Ploughing with Elephants.

It is stated that in Ceylon, elephants are employed to plough new grounds for the cultivation of coffee, pepper, &c One of these animals when well trained, will do the work of twenty oxen, consequently more labor is performed in a given time, and the period is hastened for putting in the crops The price of an elephant, in Ceylon, varies from $50 to $75

"I have known," says Cicero, "many sins by speaking, few by keeping silence it is, therefore more difficult to know how to be silent, than to speak And there is a Spanish proverb to this effect: "A fool may babble, but it takes a wise man to hold his tongue"

Why should a book with a loose leaf be treated like a quarrelsome man?

Because it should be "bound over to keep the peace"

Let Nature paint the cheek and Virtue the mind

That's the hardest task yet, as Louis Philippe said when the people proclaimed France a Republic (!)

Why is a piano-forte like a gambling room? Because the flats and sharps play together

Slavery.

They are slaves who fear to speak
For the fallen and the weak;
They are slaves who will not choose
Hatred, scoffing, and abuse,
Rather than in silence shrink
From the truth they dare not think;
They are slaves who dare not be
In the right with two or three.

BY THE LAST MAIL.

Gen. Taylor's Position Defined.

The following letter from Gen Taylor to Capt Allison, his brother-in-law, defining his position in regard to the Presidency will be read with pleasure We have no space for comments to day.

BATON ROUGE, April 22, 1848

DEAR SIR My opinions have recently been so often misconceived and misrepresented that I deem it due to myself, if not to my friends, to make a brief exposition of them upon the topics to which you have called my attention

I have consented to the use of my name as a candidate for the Presidency I have frankly avowed my own distrust of my fitness for the high station, but having, at the solicitation of many of my countrymen, taken my position as a candidate, I do not feel at liberty to surrender that position to any friendly manifest a wish that I should do so. Hence I will then most gladly do so I have no private purposes to accomplish, no party projects to build up, no enemies to punish—nothing to serve but my country

I have been very often addressed by letter and my opinions have been asked upon almost every question that might occur to the writers as affecting the interests of the country or their party I have not always responded to these inquiries, for various reasons

I confess, while I have great cardinal principles which will regulate my political life I am not sufficiently familiar with the minute details of legislation to give solemn pledges to exert my influence, if I was President, to carry out this or defeat that measure I have no concealment I hold no opinion which I would not readily proclaim to my assembled countrymen, but crude impressions upon matters of policy, which may be right today and wrong tomorrow, are, perhaps, not the best test of fitness for office One who cannot be trusted without pledges cannot be confided in merely on account of them

I will proceed, however, now to respond to your inquiries

First—I reiterate what I have often said—I am a Whig but not a ultra Whig If elected I would not be the mere President of a party I would endeavor to act independent of party domination I should feel bound to administer the Government untrammeled by party schemes.

Second—The veto power The power given by the Constitution to the Executive to interpose his veto, is a high conservative power, but in my opinion should never be exercised except in cases of clear violation of the Constitution or manifest haste and want of consideration by Congress Indeed I have thought that for many years past the known opinions and wishes of the Executive have exercised undue and injurious influence upon the legislative department of the Government, and for this cause I have thought our system was in danger of undergoing a great change from its true theory The personal opinions of the individual who may happen to occupy the Executive chair ought not to control the action of Congress upon questions of domestic policy nor might his functions to be interposed where questions of constitutional power have been settled by the various departments of Government and acquiesced in by the people

Third—Upon the subjects of the tariff the currency the improvements of our great high ways, rivers lakes and harbors the will of the people as expressed through their Representatives in Congress ought to be respected and carried out by the Executive

Fourth—the Mexican war I sincerely regret as the prospect of peace My life has been devoted to arms yet I look upon war as all human and under all circumstances and not shall cheerfully in the wounded I can at like with patriotic honor The principles for government in well as in true policy the opposed to the subjugation of other nations and the disturbance of other countries by conquest In the language of the great Washington, "Why should we quit our own to stand on foreign ground" In the Mexican war our national honor has been vindicated, and in dictating terms of peace we may well afford to be forbearing and even magnanimous to our fallen foe

These are my opinions on the subjects referred to by you, and any reports of public actions, written or spoken, from any source differing in any essential particular from what is here set down, are not by my sanction

I do not know that I shall again write upon the subject of national politics I shall engage in no correspondence, no combinations, no intrigues If the American people have confidence in me, they ought not to give me their suffrages If they do not you know we will be right to believe me when I declare I shall be content I am truly and sincerely your friend

From the Rio Grande.

The Monterey Gazette of the 25th ult states that a report is in circulation that several American merchants have been murdered near Mazapil but is unable to trace it to any authentic source

The same paper states that the 16th Infantry, who have been garrisoning the city, have been ordered out to Walnut Springs

Gen Wool has arrested all the dogs in the city of Monterey to be killed There will be many a tear shed by the black-eyed Senoritas at the destruction of their pets This pronunciamento against the canine legion by the commanding officer may well be call it a general massacre

The Gazette learns from its agent in Saltillo, who had just returned from Parras, that three Virginia volunteers had been murdered there a short time previous The perpetrators had been arrested —[N O Picayune, 25th

CONGRESS.

WASHINGTON MAY 2

According to previous arrangements, the House of Representatives repaired to the Senate Chamber at an early hour to-day for the purpose of attending the funeral of the late Hon Charles Ashley, from Ark, deceased

The galleries were filled at an early hour by spectators, anxious to witness the solemn rites usually about to be performed in honor of the deceased A deep feeling of solemnity seemed to pervade all present

NEVER DESPAIR, YOU CAN BE CURED.

Philadelphia, July 26, 1846.

TO THE PUBLIC,—I hereby state before my remembrance I became afflicted with what the physicians call SCROFULA. It made its appearance by pain and swelling of the joints more especially of my ankles, knees, wrists, and elbows, after which the glands of my throat and neck became inflamed and swelled, attended with much excruciating pains. I was often confined entirely to my bed, and for weeks together could not move my neck or turn my head. Several physicians attended me at different times—but they did not appear to do me any good

About a year ago I was attacked with vomiting, which continued every few months all one night. The next day an eruption appeared on the side of my neck, which soon spread all over my neck, head and face, with inflammation of my eyes and eyelids, which destroyed my eyelashes and caused the hair to fall from off my head, and upon the disease spread all over my body my limbs were one entire scab. I could not bend my hands or arms without causing the skin to crack open, when the blood would run out Joints of my fingers came off In short, I was unable to get my own living, and in this condition I relied upon DR. JAYNE in order that he might undertake my case. He directed me to take his ALTERATIVE three times a day, and his SANATIVE PILLS as often as I should find it necessary. I have now taken his ALTERATIVE five months, and am most happy to say that it has entirely cured me

CONSUMPTION.

This terrible disease is commonly attributed to our climate. But if the climate were to blame the disease would have been inflicted on that, and not upon the people We think the fault is in the people, and that if the people would keep the skins of themselves and their children properly washed and clean from pimples, pimples and scales for a generation or two consumption would be no more known than it now, in good society the disease for which scratching and sulphur are the principal remedies

However, consumption prevails as matters are, and picks off the best and prettiest of us, in our prime In this state of things we can do the best we can piece out and patch out the web of life, with journeys, voyages and medicines. Of all the medicines we know of Dr Wistar's "Balsam of Wild Cherry" is what we would first recommend We have in our office a living proof of its efficacy who, but for it, would have been beneath the sod long ago The inventor of this medicine, Dr Wistar, was a man of science and humanity and undoubtedly prepared the remedy in its best form and the public may rely upon Mr Fowle for the genuine article —*Boston Daily Chronotype*, Jan 18 1847

Chloroform Toothache Drops.

It is well known that "CHLOROFORM" has superseded (to a great measure) the use of Ether, as an anodyne of pain, and is now used by the best Surgeons and Dentists in preference A celebrated Chemist (and one of the first manufacturers of Chloroform) has discovered that "Chloroform" with other simple ingredients will instantly cure the TOOTHACHE. After testing it in many cases it has never failed to give relief, in no instance possible danger in using it, as it will not injure the sound tooth a particle. All that is necessary is using three Drops, so to saturate a wee bit of cotton or lint, and place it in the cavity of the tooth Relief will be enjoyed and

DOCT. MANLY HAROY'S JAUNDICE BITTERS!

SPRING has again opened upon us and with it a busy season which requires our fullest energies both of body and mind, to meet. How unfortunate for us poor mortals, that it is a season, too which ushers upon us disease and death, while the busy scenes of the fall all thinks, and while nature is putting on her joyfulest attire. In the front of the front rank of all Spring disease stands that yellow eyed, yellow faced nubbenching demon, JAUNDICE! What countless millions has he slain and how many for more victims. We meet him in our streets at almost every step and his cold and unnerving touch is felt more or less heavily by us all. Where then shall we look for the friend which shall guard us from this dreadful scourge!

At HARDY'S Drug Store,

EXCHANGE STREET, BANGOR,

may you find that friend and at a cost which shall impoverish no man. Yes, for a more trifle you shall there find a certain and speedy cure for Jaundice and all Billious troubles, in Dr MANLY HARDY'S

JAUNDICE BITTERS,

which, for forty five years, have been quietly but steadily working out for themselves a reputation far above all others, standing now upon an eminence too lofty to be contested by the voice of envy or detraction. Indeed they never fail to satisfy and the sufferer here pledges himself to refund all money paid for the Bitters, if they do not effect a cure, when taken according to his directions. Do not forget that a hundred different kinds of "Jaundice Bitters" are before the public, the virtues of which the manufacturer will not speak, even that which he himself knows to be good, therefore only say he does know that Hardy's Jaundice and Billious Bitters, stand at the head, and are the only ones that are prepared by a regular Physician, and sold at the Drug Store of the Proprietor.

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of Bangor and the surrounding towns, that he has returned to the immediate vicinity, at his office,

No. 55 Exchange Street.

Dr D has been now for the past twelve years in all parts of the United States and has met with the best evidence to show that he has a regular M D. He has been upwards of 10 years in practice. The diseases of the sexual system receive his particular attention. He will treat all the diseases from an examination of the eye, this is an advantage that Dr D has over all other practitioners, and which will necessarily do away the necessity of a long and unpleasant examination on the part of the patient, of the disease with which they believe themselves afflicted. The age and length of time the patient has been suffering, is all the Dr will require to give them a smooth tongue knowledge of their complaint and whether it can or cannot be alleviated.

Dr D has been very successful in the treatment of Colds, Coughs, Consumptions, Diseases of the Throat, Pleurisy, all Pulmonary diseases, Scrofula, Rheumatism, Fever, Dysentery, all diseases of the Ear and Eye, diseases of the Blood, Palpitation of the Heart, Gout, Salt Rheum, Cancers, Cancerous diseases and all affections of the kidneys and bladder. Pain in the back, Hernia, Abdominal Weakness, Leucorrhoea, Impotency, Stricture, &c.

Dr D warrants a cure of any of the above diseases if applied in season.

Dr D also respectfully informs the ladies that he will be at his office to see and complain from 9 to 12 AM and from 2 to 5 P M. A full assortment of medicines are kept constantly on hand. Practical directions accompany each bottle or package.

All communications (post paid), with a fee enclosed, will be strictly attended to.

Remember the number—55 Exchange Street.

DR WARRENS

SARSAPARILLA TOMATO AND WILD CHERRY

PHYSICAL BITTERS,

At 50 cents per Bottle.

SARSAPARILLA TOMATO and WILD CHERRY BITTERS have now become a standard Medicine, universally approved by Physicians as a safe, speedy, and efficacious remedy for *Scrofulous, Mercurial and Cutaneous Diseases*, Jaundice, Indigestion, Dyspepsia, Biliousness, Dysentery, Fever, Complaints, Costiveness, Weak and Sour Stomach, Thirst and Loss of Appetite, Swelling of the Limbs, Pain in the Bones, Tumors in the throat, Rheumatism, Leucorrhoea, Gleet, Gravel, Jaundice, Blotches on the face or body, Cancerous sores, King's Evil, Chronic Catarrh, Languor, debility, headache, drowsiness, sallow complexion, and all those disorders which arise from the abuse of mercury, or from an impure taint in the blood, no matter how acquired.

The extract here presented is unsurpassed, if used according to directions given by the celebrated Dr Warren, whose name is known, and I will be found superior to any preparation of the kind now in use. It is a highly concentrated entirely vegetable and very finely flavored so the taste. The change will be perceptible in the condition and tendency of the system, *speedy and permanent*.

As a Spring Medicine for purifying the blood—strengthening the stomach and body, and checking all consumptive habits the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled.

Prepared and sold by DAVID P BRADLEE, at the Magazine de Sante, (Magazine of Health) 130 Washington street, Boston. General Agency for Bulfinch's Hair Restorative, Dr Upham's Pile Ointment, Bradlee's Celebrated Cologne Water, &c.

Also—as above all the Popular Medicines in general use, pure and genuine, at the lowest possible prices.

The Great Remedy for Gonorrhoea

GLEET, Stricture, and all analogous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr D most solemnly affirms, that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years, but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate, instead of dosing themselves with quack nostrums, would purchase one box of the Arabian Paste, one of which is sufficient, and may be administered to both sexes, they would do ten times more good than all the nauseous compounds of the quacks.

The Arabian Paste should fail to effect a cure in the shortest possible time, the price paid for it will be given to any person returning the empty boxes.

For sale only by the original inventor, and sole proprietor Dr DOUGLASS, 138 Fulton Street, N Y. Office, No 55 Exchange Street, Boston, where he can be constantly consulted on every disease incident to the human frame, and the patient rely upon the most honorable course of treatment that can possibly be adopted.

PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U S Patent Office, Washington

93 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S Patent Office for the purpose of receiving and forwarding to the same all such models, specimens of ingredients and manufactures as shall be intended to be patented, or deposited therein, which will be received and forwarded, free of expense and risk, to their owners and with all possible despatch. The subscriber will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings, will make researches into American and Foreign works for establishing the validity or utility of inventions, and render advice on all legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. The experience of fifteen years practice—an extensive collection of rare works, documents, decisions, &c on mechanical subjects and the Patent Laws—and patents of different countries, collected at much expense during the long time this office has been established, and to which daily additions are being made, together with accounts here kept of inventions patented at Washington, enable me to afford important assistance and information to inventors desirous of securing Patents, which in other persons might be difficult of attainment.

CONSUMPTION CURED!

TRIUMPHANT SUCCESS OF

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY

FOR

COLDS, COUGHS, ASTHMA and CONSUMPTION!

The most celebrated INFALLIBLE remedy for Colds, Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM of LIFE, discovered by Dr Buchan of London England, tested for upwards of seven years in Great Britain and on the Continent of Europe and introduced into the United States under the unmodified approbation of the inventor.

The astonishing success of the Hungarian Balsam, in the cure of every form of CONSUMPTION, warrants the American Agent in soliciting for trial in the WORST POSSIBLE CASES that can be found in the country—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the physicians, and the symptoms are confirmed Consumption. This Balsam has been tried and will cure the MOST DESPERATE of CASES in two quick motions, but a standard English Medicine, of known and established efficacy.

TO THE CONSUMPTIVE!

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life not only to counteract the consumptive tendency of the climate, but to be used as a *preventive medicine* in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the throat, difficulty of breathing, hectic fever, night sweats, emaciation and general debility, asthma, influenza, hooping cough, and croup.

In cases of actual disease of the lungs, or incipient consumption, it is the ONLY SOURCE OF HOPE.

Sold by McDonald & Smith, Sole Agents for the United Kingdom, at the Hungarian Warehouse, Regent St London, in bottles and cases, for ships, hospitals, &c.

By Special Appointment—DAVID P BRADLEE, 130 Washington Street, Boston, Sole Agent for the United States and British American Provinces.

American price, $1 per bottle, with full directions for the restoration of health.

Pamphlets, containing cases of English and American Certificates and other evidence showing the unequalled merits of the Great English Remedy, may be obtained of the Agents, gratis.

None genuine without the written signature of the Author or Agent on a gold and brown labeled, to counterfeit which is forgery.
